Describe Interactions with Company(Describe when Contacted and Company's Response including response to Previous Negotiated Due Dates:)

8/28/20: EPA reaches out for 90 day renegotiation because PC review is not yet done. 8/28/20: Registrant states 90 days is too long. 8/31/20: PC review is complete with deficiency indicated. 9/2/20: EPA reaches out to registrant informing them of the deficiency and a renegotiation is still needed. 9/2/20: In agreement with CITAB, registrant submits a waiver request fulfilling the PC guideline. EPA PM team requests a 30 day renegotiation to ensure a revised memo from CITAB is received and to tie up loose ends before finishing up PRIA.

"75 Date" Letter Sent?	No
Reason for None	The registrant responded immediately with a response to the PC deficiency.
Registrant Notified that this is the Last Negotiation?	NA

Rationale for Proposed Due Date: The proposed due date will allow for enough time to receive a memo from CITAB and complete the action before the PRIA date.

Issue(s) Describe in Detail: The PC review indicating a guideline deficiency was received 3 days before the PRIA date. The registrant submitted a correction day before the PRIA date. The RD PM team is requesting additional time to make sure a revised CITAB memo is received and to complete the action.
